

**ANCHOR AWEIGH AND
FULL STEAM AHEAD**

SAACKE

Better Life Energy

SAACKE SPARES KEEPS YOU OPERATIONAL.

A technical breakdown on route or in far remote locations never happens at convenient times. Vessels should be well prepared and have access to a suitable, well-thought-out, and comprehensive spare part stock. This would allow the crew to restore the vital functions of the ship's machinery systems and ensure a safe continuation of the voyage.

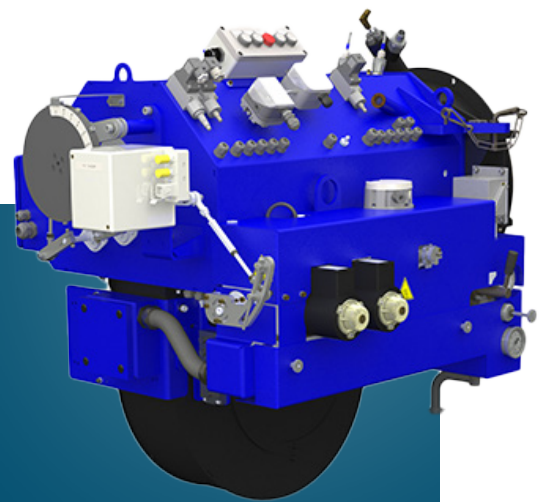

Fair winds and following seas with SAACKE spares on board!

OUR SPECIAL KITS

SEAWORTHY WITH SAACKE.

Set sails with the **original SAACKE spare parts**, direct from Bremen.
Our kits for your safety and flexibility:

Immediately available –
all spare parts for
the Monoblock burner
SKVJG-M.

Safe Return to Port kit (SRTP kit)

Everything you need: the SRTP kit provides vital parts for your SAACKE burner unit to ensure the seaworthiness of the vessel.

5 Years Overhaul kit

Best and foresighted prepared: everything is included in the kit for the next docking.

Critical Stock on board

All essential spares for ship operations: this kit keeps them on course and keeps your crew prepared to avoid critical situations.

Condition related Spares

Focussing on the absolutely necessary parts: based on condition reports and service technician selection to get the absolutely necessary parts on board.
